

Dear Residents,

11/14/23

Our Property Owners Association Glenlakes Unit One POA will have up to three (3) openings for Board Members this coming year. The Board positions are for a two-year commitment. Board meetings are called a minimum of one per quarter, with possible rare additional meetings, as required. All in all, the position's time commitment is very reasonable. Elections will be held at our annual Property Owners Association meeting scheduled for Tuesday, March 12, 2024. Prior to the annual meeting, please submit a short biography and photograph to Sara Filley, POA President (per by-law article 3.5 the chairperson of the nominating committee must be a current board member).

We live in probably one of the best subdivisions in Foley. Part of the reason for the desirability of our community is that our current POA Board strives to ensure our covenants and rules & regulations are enforced. These Board positions represent an opportunity for you as an individual homeowner to help the Board continue in its current direction or suggest changes to some of the current rules & regulations that may further improve our property values and quality of life. Consider taking a more active role in our POA's governance by volunteering to join the Board of Directors! Please contact our Board's President (Sara Filley) for more information about time commitment and other specifics required to serve on the board.

Thank you for your consideration,

Brenda Rogers
